Website

Do you have any medical conditions your instructor needs to be aware of?

The Back to Sport 4 Life initiative is targeted at adults and is part of the local Go4Life scheme, encouraging everyone in North Somerset to get healthier by moving more and eating well. We do this by promoting healthy eating, developing new ways for people to get active and making it easier for them to get involved, even if they might normally find it difficult. If you provide an email address above we can update you with news on getting active in North Somerset.

The Go4Life scheme is a North Somerset Partnership initiative administrated by North Somerset Council. North Somerset Council in accordance with the Data Protection Act will hold any personal information supplied. This information will be used as part of this exercise and will not be passed on to any other organisation.

Whilst the North Somerset Partnership is trying to encourage physical activity, we are not in a position to provide medical advice. Individuals must satisfy themselves that they are fit enough to take part. We recommend that anyone starting physical activity should first speak with his or her doctor, particularly older people. We cannot accept responsibility for injury or health problems that may arise from taking part in our sessions.

For more information please contact North Somerset Council on 01275 882 730 or e-mail jane.bassett@n-somerset.gov.uk.
