

PGA Professionals

PGA Professionals are universally recognised as the experts and teachers of golf. There is no quick and easy way to achieve PGA qualification. PGA Members earn their status only by undergoing a multi years series of work, studying and training in every aspect of golf, including sports science, teaching, club technology, repairs, business and club management, tournament organisation, rules of golf and retailing.

All of the Professionals at Tickenham are fully qualified PGA Members and all maintain their AA status through Continuing Professional Development ensuring you are taught by Professionals with up to date knowledge.

Our team of PGA Professionals are here to help you enjoy your golf in a friendly welcoming environment. This leaflet gives an idea of the types of lessons available for all standards from beginners to scratch players.

Lessons on the Practice Range

No golf dress code. Open all year round with floodlights for the winter nights, closing only on Christmas day!

Lessons on the Course/Putting

Dress code for lessons or play on the course

A shirt with a collar and tailored trousers of at least knee length (no jeans or track suits). Golf shoes or flat trainers.

If unsure, please ask Professionals for advise.

GolfMark Award

Tickenham Golf Club is the first Golf Club in Somerset to be awarded GolfMark accreditation, demonstrating it's hard work and dedication to junior and beginners' golf.

England Golf developed the GolfMark award to identify and acknowledge golf facilities in England that are junior and beginner friendly.

GolfMark evaluates golf clubs in key areas — coaching, playing, club environment, sport equity, ethics, child protection and duty of care.

Vouchers

Lesson vouchers are an ideal gift. They can be purchased in the shop or posted if paid with a credit card over the phone. 12 months validity from the purchase date.

FlightScope X2

Our FlightScope X2 - The world's most accurate Launch Monitor is for -

Custom Fitting

FlightScope radar tracks the ball, provides an accurate measurement of distance, launch angle, swing speed and spin rates etc. eliminating guesswork.

Lessons

This advanced technology is changing the way we think and how we coach golfers. This unit is truly amazing—it provides all the data, it's accurate and easy to use.

Practice

Download the App onto your smart phone or tablet and rent the FlightScope. If you use an APPLE device you can mirror your screen on to the large TV.
